Florida Secretary of State – Laurel L. Lee

April 22, 2022

**Request to open investigation  
into violations of the Constitution in Palm Beach County**

Allow us to introduce to you the Palm Beach County Jural Assembly (PBCJA). First formally re-established county level Common Law Jural Assembly in Florida. The PBCJA consists of men and women from all walks of life, age, religion, sex, etc. in Palm Beach County. We come together to unify, respectfully communicate and listen to one another, to work together as lawfully assembled We The People.

We would like to partner with you and stand shoulder to shoulder with you in support of our Constitutional rights and common law in Palm Beach county. Today more than ever with the tyranny of an ever-expanding and intrusive local, state and federal government and the erosion of Liberty's protections, we are often threatened in our very homes and neighborhoods.

Our concerns are that Sheriff Bradshaw is actively ignoring his obligations to investigate violations of election law as required by the Constitution.

We respectfully request that you assist We The People in requiring law enforcement to enforce our Constitutional rights.

Thank you for your prompt attention to this matter.

*Palm Beach County Jural Assembly*
