OPEN LETTER TO THE U.S. MILITARY

We The People of The United States of America want our Republic, our Constitution and our Unalienable Rights back!

We the people are asking you to help us take back our country and our sovereignty ~~back~~ from corrupt politicians, foreign owned corporations and the FED bankers pretending to be operating in our interests.

The above entities do not represent us. They have not represented us since 1871 (*de facto* corporations). We need your help under your authority to take back our republic.

The Palm Beach Jural Assembly have been working for over two years to bring awareness to the Palm Beach County, Florida residents and educate them on the 1871 suspension of our 1776 Constitutional Republic. In 1871, President Ulysses S. Grant gave away the 10 sq miles of the District of Columbia to the British royal family making us a British colony. British family installed British owned CORPORATIONS. Therefore, the government of The United States of America is fictitious. We believe this to have been an act of TREASON effectively changing our status from a free people to that of a serf.

As a Jural Assembly we have:

- Served Affidavits, Writ of Instructions, Petitions for meetings served to Palm Beach county Sheriff, Commissioners and School Board – all were ignored!
- We redressed our Grievances locally
- Attended school board meetings
- Attended County Commission meetings
- And used Social media as a tool to educate other men and women

Due to draconian treasonous mandates who imposed on us by our public officials in violation of their oaths of office to that they took to uphold and protect the Constitution of the United States of America (the supreme law of the land) our families were divided, our children suffered emotionally and intellectually and Americans died.

We The People no longer can tolerate being slaves. We should no longer have to pay taxes to an illegitimate government that turned its back on its oath to uphold the laws of the land and treat everyone equally under the law. It is no secret that since 1933 under the Federal Reserve Act and House Joint Resolution 192, the United States has been doing the business of the people using fiat federal reserve notes.

And we quote from the Declaration of Independence:

"That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government,.. "

It is our goal to restore the Republic to its original intent of frames of the Constitution.

We The People implore you to ACT NOW

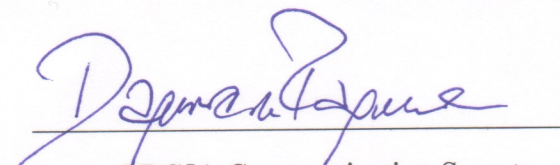

And Remove the illegitimate government that is owned by the foreign entities of the British, the Vatican and the American BAR Association.

It is our desire to assist and help you with restoration of our Republic. Please let us know how we can help you.

Sincerely
We The People

Palm Beach County Jural Assembly
